*We care for the children of Cyprus*

**Origins and Evolution:**
Our story began in the aftermath of the brutal Turkish invasion and occupation of Cyprus in the summer of 1974, as Greeks around the world rallied to the aid of the Cypriot people. The Cyprus Children’s Fund was established as a sponsorship program whose primary scope was to provide relief and aid to thousands of refugee children and their families. Over the years, this program has evolved into one that seeks to assist Cypriot refugee and non-refugee children alike.

These children come from families facing a diversity of issues, such as handicapped and/or unemployed parents, single-parent households, parents suffering from mental illness or substance abuse, etc. They are also enclaved children, living in the Turkish-occupied part of Cyprus.

The Department of Social Welfare in Cyprus refers these children to the Cyprus Children’s Fund through the Ministry of Labor and Social Insurance. Selection is made after review of each case and eligibility for sponsorship is based on a detailed needs assessment. In addition to the financial support they receive through sponsorships, many children benefit from the establishment of long-lasting relationships with sponsors.

**The Sponsorship Program:**
The minimum cost to sponsor a child is just 66 cents per day or $20 per month, and one hundred percent of the sponsorship reaches a child in its totality. For this small amount, a sponsor can make a difference to a youngster’s life, sharing kindness, helping them buy clothes, shoes, books or something else that will make them feel better about themselves. Many families face numerous challenges compounded by financial problems. A donation is a meaningful way to provide financial and moral support.

**Rewards:**
A donor will find fulfillment and gratification through the sponsorship of a child in Cyprus. Donors have visited their sponsored children to attend important celebrations and milestones. Many longstanding and nurturing relationships have been created through this program.
**Cyprus Children’s Fund Scholarships:**
The Cyprus Children's Fund grants scholarships to qualified students of Greek and Cypriot descent who study full-time at American Universities. The selection of the scholarship recipients takes place in New York each year after the applications have been submitted (deadline of April 30) and reviewed. The Fund awards approximately $60,000 per year in scholarships.

**CCF supports initiatives to help underprivileged Cypriot children:**
In 2020, even under the difficult circumstances of the pandemic, our organization provided financial assistance of more than $200,000 to the following:

I. **Scholarships:** $42,000 of scholarship funds were awarded to qualified Greek and Cypriot students who study full-time at an American University.

II. **Sponsorships:** Over 250 children have been supported through the year with our one-to-one sponsorship program. Every donated penny went to the sponsored child.

III. **Month of Giving donations:** the proceeds of our virtual Month of Giving event were distributed to seven nonprofit organizations in Cyprus:

1. Theodokos Foundation - helps children and young adults with special needs
2. Margarita Liasidou Foundation - helps children with special needs
3. Pancyprian Association of Parents and Friends of the Children Oncology Unit
4. Association of Parents and Friends of Children with Special Needs
5. Association for People with Autism of Cyprus – Paphos
6. Prosvasi - helps individuals with special needs
7. Melathron Agoniston EOKA, its program that supports the rehabilitation of children
